Highlights

Quality construction
Quality construction uses only top grade materials to create products of extended durability.

Corrosion-resistant connectors
Compressed brass with 24K gold-electroplated connectors creates a secure and extremely durable connection that optimises signal quality and delivers the best picture and data transfer.

Flexible PVC Jacket
Flexible PVC jacket provides protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Moulded ends
Moulded ends prevent fraying and extend the life of your cable.

Moulded thumb screws
Easily turn the connectors with your fingers. No screwdriver or tools are required.

Rubber strain relief
Rubber strain relief provides a secure yet flexible juncture between the cable and the plug.
